CalDAV Account on the iPhone/iPad

You can access your shared calendars on your iPhone or iPad using CalDAV.

1. Press **Settings.** Select **Calendars**

2. Press **Add Account...** Select **Other**.
3. Under Calendars, select Add Cal DAV Account.

4. Enter in the following information:
   Server:  webmail.zimbra.louisiana.edu
   User Name:  YourULID@louisiana.edu
    or
   YourCLID@louisiana.edu
   Type your password
   Description: UL Lafayette Calendars

5. Press Next and the account will verify.
   If your account does not verify it’s possible you’ve used the wrong username or password.

It may take an extended period of time to synchronize your calendars depending upon how much data is in your Zimbra account. You can view any or all calendars.
